Your participation mark is composed of your completion of various in-class and homework tasks. These tasks vary from term to term as the technology changes, and your instructors provide you with opportunities to use the latest and most current technologies. Often, activities in class do not have an accompanying mark – instead, your active participation in activities is required and noted. This mark is assigned at the end of the term in the participation grade. Class and homework assignments with marks will be posted to ISAAK in the grade book AFTER completion. Assignments = 100pts; P1=80pts and above; P2=70-79pts, P3=60-69pts, and F=59 pts and below.

The directions for all of the above assignments can be found on the class website: <http://www.handy4class.com> under the 8Y24/34 Resources
